

Committed To Quality...

Committed To Customer...

ABOUT US

Shrinathji polyplast ,established in 2017, is UPVC Pipe manufacturing one of the fast growing company in the field of UPVC pipe based at metoda (Dist. Rajkot). We are providing wide range of variety & size of pipes.

The range's performance, service life, capacity, strength and easy maintenance, is owed to the finest raw materials and modern machines, in accordance with the set industry norms and guidelines.

Shrinathji Polyplast continuously aims at growing its product range to meet the needs of a growing India.

We are committed towards constant innovations in plumbing and sewerage technologies to meet the nation's constantly increasing water demands. COMBO tm Pipes constantly strives to pave the way for a future that provides clean water for everyone and everywhere; from the smallest villages to the largest cities.

Further, the range is marked at the most reasonable rate possible.

Continuous improvement & customer success is our motto. Shrinathji polyplast take care of the customer's need by suppling them the quality products as per ISI for the total satisfaction.

Committed To Quality...Committed To Customer...

COMPANY PROFILE

VISION AND MISSION

Our mission is to make it easy to do business anywhere in India.Our Policy revolves around a single mission of continuous manufacturing of advanced products and is to bring a revolution in plastic piping industry through innovative solutions which would create a profitable growth and benefit our customers & the society at large.

Our vision is to give innovative plumbing solution to our customers & to become the best manufactures and market leader with high performance To be an acknowledged leader in Indian plastic piping industry by exceeding customers expectations.

OUR QUALITY ASSURANCE

Quality is paramount to us Quality has been the prime focus of our firm and for maintaining this we offer only optimum range of products to the esteemed patrons. Thus we engage in the utilization of high grade raw materials and modern machines, in compliance with the set industry norms and guidelines. All our products are developed under the vigilance of our professionals in adherence with the international standards. Moreover, for stringent inspection of all the offered products, we have appointed a team of quality analyzers. These professionals make use of advanced technologies and machines in checking the offered products on varied parameters. Following are the ground on the basis of which our products are checked:

Durability Strength & Capacity Designing Finishing

100% Client Satisfaction

Complete client satisfaction is what we offer with our quality range. Our quality conscious approach coupled with novel technological methods have helped us in offering our product in compliance with regulatory and statutory standards. Backed by competent and hard working team, we have been successful in earning the unwavering trust of our esteemed clients based across the Country. Our penchant for quality packaging and timely delivery of the products in the lead-time span provides us an additional edge over our competitors

WHY US?

Since the inception, our products have been the first choice of customers to cater to their plumbing requirements. All this could have been possible because of our customer oriented approach and strong belief in quality of products. Furthermore, mentioned below are the factors that always keep us forerunner in the competitive market:

- ROBUST INFRASTRUCTURE
- QUALITY CHECK OF PRODUCTS BEFORE THE DELIVERY
- COST EFFECTIVE PRODUCTS
- ETHICAL BUSINESS PRACTICES
- COMPLETE CUSTOMER SATISFACTION.
- INNOVATION IN THE MARKET.
- WE ALSO INVEST IN RESEARCH AND DEVELOPMENT.
